
ENVIRONMENTAL POLICY SE

Everyone at Connected Wind Services AB is constantly working on a commitment to protect the environment in order to create sustainable development and pollution prevention, achieved through systematic work on environmental issues.

How:

- Follow applicable laws and regulations
- Environmental goals to create participation and dedication, where we will reduce our total carbon dioxide emissions in tonnes/employee
- Constantly improve our environmental performance and strive to influence our suppliers in the same direction. By refueling all company cars and service cars with more environmentally friendly diesel, we improve our environmental performance
- Our goal is to combine environmental awareness with customer requirements to achieve profitability and sustainable development

This environmental policy has been developed and decided in the management team of Connected Wind Services AB Sweden.

Connected Wind Services AB Sweden is certified according to ISO 9001 and 14001.
