

### Connected Wind Services

Connected Wind Services is one of Europe's leading Independent Service Provider for wind turbines. For more than 30 years, our multi-brand, multi-skill approach, combined with local competencies, has been the foundation for providing wind turbine operators and owners with unrivalled reliability and service.

We adapt to individual needs and are focused on the full life cycle of wind turbines.

Our reputation is built on efficiency, flexibility and safety within wind turbine Service & Maintenance, Service Projects and retail of Components & Spare parts.

We deliver integrated, high-value services that help maximize yield and protect assets – providing all you need from a single point of contact.

COMPONENTS & SPARE PARTS

ALL YOU NEED

# Components & Spare Parts

## Fast delivery, high quality, knowledgeable service

# A wide variety range. The fastest components and spare parts service of any ISP in the industry

As the ISP with the largest components and spare parts inventory in the market – and the ability to refurbish discontinued spare parts – Connected Wind Services will have your turbine up and running again quickly.

With thousands of main components in stock, Connected Wind Services can quickly provide almost any component and spare part needed by wind farms throughout the world – whether it's a discontinued part or the latest technology.

Strong ties to key wind turbine OEMs, equipment OEMs and sub-suppliers further improves our ability to identify, source and supply the parts you need efficiently. In fact, we source both original and upgraded components and spare parts worldwide.

As Europe's first ISP with over 30 years of experience, we put our deep industry knowledge to work in responding quickly and delivering what you need fast. The result? Minimal down time and maximum output.

## **The best quality and fastest delivery**

If you're looking for fast, quality replacement and service on parts for your wind turbines, we'll deliver. Our spare parts live up to the highest quality standards.

## **Top quality refurbishment**

Our long experience in gearboxes, main shafts and other critical components has given us deep knowledge in the root causes of failures. This has enabled us to develop improvements that increase performance, efficiency and even reduce future maintenance costs.

## **Components & Spare Parts**

- > **5000+ items in stock**
- > **Components and Spare parts for Vestas (NEG Micon, Nordtank, Micon, Wind World, etc.), Siemens (Bonus), Fuhrländer and the MD70/77 platform, Senvion (Repower, HSW), Gamesa and Suzlon**
- > **Access to original, upgrade & discontinued parts**
