

**Advancing your future movement**

# Advancing movement since 1987

Connected Wind Services is your dedicated partner for sustainable wind energy solutions. With over three decades of experience, we offer expert service and maintenance, prioritizing safety, quality, and environmental responsibility. Our client-oriented approach ensures tailored solutions that maximize turbine performance and minimize downtime. We actively contribute to a greener future by utilizing refurbished parts and embracing innovative practices. Choose CWS for reliable, sustainable wind turbine service, backed by our proven track record and commitment to excellence.

# Services

## Service and maintenance:

- We provide expert service and maintenance for a wide range of wind turbines, both onshore and offshore, ensuring optimal performance and longevity.

## Service projects:

- Our dedicated team handles complex service projects, including major component replacements, retrofits, and upgrades, minimizing downtime and maximizing energy production.

## Spare parts:

- We offer a comprehensive inventory of spare parts, including refurbished components, ensuring quick and cost-effective solutions for your maintenance needs.

## Up-Tower repair:

- Our skilled technicians specialize in up-tower repairs, minimizing the need for costly crane mobilizations and reducing turbine downtime.

## Surveillance:

- We have a manned 24/7 setup and provide advanced surveillance and monitoring solutions to detect potential issues early, enabling proactive maintenance and preventing costly failures.

Choose Connected Wind Services for comprehensive wind energy solutions that keep your turbines operating at their peak.

## ISO 9001:2015

Ensures high quality and customer satisfaction.

## ISO 14001:2015

Minimizes environmental impact and promotes sustainability.

## ISO 45001

Creates a safe and healthy work environment.

## GWO Trainings

Our technicians undergo the Global Wind Organisation (GWO) trainings, ensuring they possess the skills and knowledge necessary to perform their duties safely and effectively.

## EJNER HESSEL

### Langvarigt partnerskab mellem Ejner Hessel og Connected Wind Services Danmark A/S

Hos Ejner Hessel er vi stolte over det lange og tillidsfulde samarbejde med Connected Wind Services Danmark A/S (CWS). Siden CWS's stiftelse har Ejner Hessel troet på deres vision og projekter – og har været en trofast partner lige siden.

Denne stærke relation har resulteret i, at størstedelen af CWS's varebilsflåde i dag består af Mercedes-Benz-varebiler fra Ejner Hessel. Vi er glade for den tillid, CWS har vist os, og ser frem til mange flere år med godt samarbejde.

Ejner Hessel tilbyder både elektriske og konventionelle kvalitetsvarebiler til alle behov, hvor fokus er på sikkerhed, komfort og pålidelighed.
